

Notice to all unit owners

The Board of Directors is pleased to announce that we have rented out the manager's mobile home to Bob Woodbury and Cindy Claremont. Bob will be working part time (approximately 20 hours per week) in the park doing various tasks such as cleaning the bath rooms, raking the beach, emptying trash, performing daily rounds, etc.. (the rent on the mobile home will essentially pay Bob's salary). Our landscaping will continue to be done by an outside contractor as was the case last year and Bill Miner will still be assisting us with routine maintenance beginning in June. Of note is that Bob and Cindy are not "managers" per se, and as such, we would appreciate if all unit owners do not bring problems to them directly. We anticipate they will be moved in by the end of April.

Please join us in welcoming Bob and Cindy
