IMPORTANT NOTICE TO ALL WBC BOATSLIP OWNERS

All docks will be removed after October 13th. Please make sure that your boat and all cleats, bumpers, whip holders (or any other hardware in the rails) are removed no later than Monday, October 13th.

Remember that the two cleats and two bumpers that were installed on your dock in May, are owned by you (each individual dock owner) - the costs were included as part of the special assessment that you paid last year. Therefore, it is necessary that each owner remove his/her cleats and bumpers for use next year. The cost of each cleat is ~\$60 and each bumper ~\$170. Please don't risk having them removed and/or misplaced by our installer.

***MAKE SURE YOUR CLEATS, BUMPERS OR ANY OTHER
HARDWARE, ARE REMOVED BY OCTOBER 13th***
